DECLARATION of COMPLIANCE

4 September 2020
(replaces Declaration dated 1 July 2019)

Reference: Restriction of the use of certain Hazardous Substances (RoHS)
Directive 2015/863 or "RoHS 3"

Wabash Transformer has a strong and long-standing commitment to a manufacturing environment free of hazardous substances, as is advocated by the EU Directive. Since the beginning of 2006, manufacturing RoHS-compliant products has been the norm for Wabash, and providing non-compliant products has been the exception. With each update of the directive, including the above-reference version, Wabash has kept pace, remaining compliant throughout.

If you have any questions, please feel free to contact me. Thank you for your continued partnership.
